

# Major Fact Sheet

Cell & Molecular Biology, B.S.

The cell and molecular processes that occur within the cell. This program provides a firm foundation in basic biological concepts and the tools necessary to function as a professional

## Example Four Year Plan

### Year 1

| Year 1                       |                                   |                      |
|------------------------------|-----------------------------------|----------------------|
| Fall                         | Spring                            | Summer               |
| CHM 2045: Chemistry 1**      | CHM 2046: Chemistry 2             | STA 2023: Statistics |
| CHM 2045L: Chemistry 1 Lab** | CHM 2046L: Chemistry 2 Lab        | Non-Major Elective   |
| MAC 2311: Calculus 1**       | BSC 2010: Cellular Processes      |                      |
| ENC 1101: Composition 1      | BSC 2010L: Cellular Processes Lab |                      |
| Core Social Science Course   | Core Humanities                   |                      |
|                              | ENC 1102: Composition 2           |                      |
| Total Hours: 14              | Total Hours: 14                   | Total Hours: 6       |
| Year 2                       |                                   |                      |
| Fall                         | Spring                            | Summer               |
