

Board of Trustees
Academics and Campus Environment Committee

Tuesday August 15, 2023

Trustees:

- Introduction to SOCAT/SOS
- Biannual Review of Regulation 6.0163 SOCAT Health and Wellness Interventions
- Clarifying SOCAT and SOS
- Ill Intervention Standards
- Involuntary Withdrawal Process
- Involuntary Withdrawal Clarifications
- Criteria For Second Opinion Mandated Assessment
- Return to Classes

Dean McDonald commented on a clarification that was not included in the power point

- USF Police is a threat mitigation (Normal procedure)

Chair Horton questioned the number of referrals that USF receives in a year

Dean McDonald stated that last year's numbers were still compiling and not currently available. There were at least 800 students, some of them received multiple referrals, however, not all went to the SOCAT committee. It depends on the level of acuity.

Chair Horton thanked Dean McDonald for her presentation and requested a motion for approval was given by Trustee P. Colo, seconded by Trustee Monbarren and approved.

- c. Tenure as a condition of Employment.

Vice Provost Prithish Mukherjee presented.

Administrators such as the President, Provost, Deans, Chairs, and senior faculty who are recruited to USF are normally awarded tenure as a condition of employment. These highly qualified individuals usually have earned tenure at their previous institutions, which makes them attractive candidates to USF. In order to attract them, USF must provide a package that is competitive with other nationally and internationally ranked institutions. Tenure upon appointment for qualified candidates, among other things, is a term and condition of the employment package that makes USF an institution of choice.

Faculty Nominations for Tenure as a Condition of Employment

Dr. Randy Dumm will join the USF Muma College of Business as a Full Professor and Director of the Baldwin

efforts to reduce costs to students.

A power point was presented USF Textbook & Instructional Materials Affordability Annual Report which highlighted the following:

- Data Highlights USF
- Benefits of BuyIn from Faculty
- USF 39,971,342 Cumulative savings 2010 to Date
- Updates and Initiatives

Trustee Laura Monbarren had a question concerning the books options and the savings program.

Both Director Neff and Dean Chavez explained the choices that are available at the USF Bookstore. Hourly checkouts are available if students prefer to read the print version of the textbooks. Unlimited simultaneous usage online as well as printing and downloading is also an option for students.

Chair Horton had questions concerning the textbook industry, the number of publishers procedure of other universities as it relates to instructional affordability.

Dean Chavez commented that the number of publishers is down to four in the higher education market. They account for \$.03 billion dollars of sales in the US. Between the years 2013 – 2021 there was a reduction in textbook sales between two publishers.

Trustee Jasinski Schneider commented on the acceptance of open access publishing. Open access publications were once frowned upon.

Chair Horton thanked Dean Chavez and Director Neff for their presentation and requested a motion to approve the USF Textbook & Instructional Materials Affordability Annual Report which was given by Trustee Piccolo, seconded by Trustee Jasinski Schneider, approved.

- f. BOG Regulation-Self-supporting and Market Tuition Rate-College Credit Programs Annual Report

Associate Vice President of Innovative Education Christine Brown presented.

The Florida Board of Governor's office collects information about self-supporting and market tuition rate college credit programs at SUS institutions pursuant to the data collection required by Board regulation 8.002(4). Effective with the current request or FY2021 through FY2023 (in progress), the 19-22 revision to the Board regulation 8.002(4) requires approval by the institution's Board of Trustees prior to submission to the Board of Governors on October 1, 2023.

A power point was provided Self-supporting and Market Tuition Rate College Credit Programs Annual Report which highlighted the following:

- Overview of the Annual Report
- Data Collection and Reporting Process
- Overview of the Annual Report
- Number of Active Programs By Degree Type
- Enrollments By Program / Degree Type
- Degree / Program / Completions By Program / Degree Type
- BOG Regulation 8.002 Revision Highlights (Nov. 2022)

- Revenues and Expenditures Program / Degree Type (\$M)

Chair Horton thanked Associate Vice President Brown for his successful presentation. Having no questions by the Board members, Chair Horton requested a motion to approve the Regulation Self-supporting and Market Tuition Rate College Credit Programs Annual Report. The motion was given by Trustee Piccolo, seconded by Trustee Jasinski Schneider, approved.

g. 2023-2024 Linking Industry to Nursing Education (LINE) Fund Proposal

College of Nursing Dean Usha Menon Presented.

The Linking Industry to Nursing Education (LINE) fund provides an opportunity for each state university to receive dollar-for-dollar matching funds to match contributions from a healthcare partner. Gift funds and matching funds may be used for any of the following priorities: student scholarships, recruitment of additional faculty, purchasing or repairing equipment to support the delivery of nursing education, and/or updating nursing simulation centers.

1. Tampa General Hospital & USF
2. Johns Hopkins All Children's Hospital and USF

A power point was provided which highlighted the following:

- The LINE Fund
- USF Nursing and Tampa General Hospital – Program Cost – How USF plans to use the funds
- How the funds will support USF's Nursing Program
- USF Nursing & John Hopkins All Children's Hospital – Program Cost – How USF plans to use the funds
- How the fund will support USF's Nursing Education Programs
- Next Steps

Chair Horton asked students who receive scholarships for this program, expected to work in Florida?

Dean Menon stated that there is no obligation to stay working in the state of Florida at either institution. However, this does encourage students to stay.

In the 2021-22 academic year 208 students graduated; 24% of students said in a survey that they will stay in Tampa and 90% said that they will stay in Florida.

In 2022-23 there were 264 undergraduates; 16% of students said in a survey that they will stay in Tampa and 93% said that they will stay in Florida.

Dean Menon commented on a new survey being implemented through the Florida Center of Nursing, involving license renewals. This will give a better indication for students who plan to leave or stay in the state of Florida.

Chair Horton requested a motion to approve 2023-2024 Linking Industry to Nursing Education (LINE) Fund Proposal for Tampa General Hospital & USF and Johns Hopkins All Children's Hospital and USF. The motion was given by Trustee Monbarren, seconded by Trustee Esmeralda, approved.

Dean Menon mentioned a proposal with USF and HCA West Florida Division for \$100,000 in scholarships. This will fund 15 Florida residence students with financial needs in their last two semesters. Five students from

each of the USF campuses will be selected. The students will be in a nursing program, which could be an employment opportunity at HCA.

Dean Menowill work with Kiara Gayle on the on the logistics of this presenting this new proposal to the BOT.

Having no further business, Chair Horton thanked Dean Menon for her presentation and adjourned the ACE Committee meeting.
