Ms. Condorpresented ine expenditure autorization requests for approval by the Finance @mmittee. USF's expenditure policy requires Finance Committee approval for all expenditures in excess@M. Ms. Condon noted that a few would fall off the list with the new thresholds.

Morgan Stanley Advisor Services for P3 Opportunities

USF is requesting the authority to contract with Morgan Stanley for advisory services for P3opportunities. We will review multiple opportunities for monetizing certain auxiliary revensereams. The purpose is to generate much needed capital to reinvest in our students, facultynarastructure. The contract is a performance-based contractchwhile and the expenditure mount will be a percentage sectransaction fee dependent upon the value of opportunities at are identified and execute as opportunities identified, they will combackto the Finance Committee for approval. This is not an approval to proceed unilaterally, but rather to engage Morgan Stanley on advisory sevices.

Trustee Seixas asked whother P3 work has Morgan Stanley done. Mr. Sobieray explained that they were the advisor for Ohio State (raissess \$1.6B in variousconcessionagreements for the university) and hey are one of the biggest players in this are(pearking and housing) hey are leaders in this market Mr. Sobierar will send the Trustees information he has on Morgan Stanleyand their roles in this]TJ 4.645 0 T1 Tw

USF must record the liability and cannot record the offsettingiveble. This is an issue for every public higher education stitution. OPEB and GASB continue to impaet n operating results and net poissit. Our UnadjistedNet Operating Results for F2022 is (\$18M). We have operated a deficit position for the past three years and 2022 is the smallest deficit position

pandemic (ayments to UMSA for faculty practice plan lost revenue and expenses for graduate redical education). Even though we had some increases in expenses, thisds goo because we are emerging from the pandemic.

Mr. Sobieray echoed that the financial statements look good. He explained that the challengewe haveas a university with a balance sheet and incoarterstent that looks relatively strong is that over 70% of our cash has some formestriction and the things we need money for need moments function function of the stricted funds available to usly are working different agrees to try to improve that picture. That is the challenge from a university perspective need more upstricted funds available to us so we can use it for the poses that we need it for at this particlar point in time as a university.

c. Resource Alocation Model

Mr. Sobieray gave an overview of the planned resource allocation model for USF. The current incremental budget process has run its course. Decisions are centrally driven, and changes are at the marginshistoricalbase budge.
